Mexico

Dear Mr. Galindo:

We have received your registration request for the two-stroke cycle outboard engine lubricant below and are happy to inform you that it has passed the NMMA Certification Tests for TC-W3®.

The certified lubricant listed below has been assigned the following registration number:

Lubra 2T TC-W3®
TC-W3® Registration Number: RL-30065B

For quality control reasons the certified lubricant may not be marketed as NMMA certified unless such lubricant bears the assigned registration number and TC-W3® logo. The enclosed trademark license agreement is in effect until December 31, 2017. To continue use of the NMMA certification marks or statements on, or in connection with, the certified lubricant, a new license agreement and payment of the license fee must be made on an annual basis.

Please note that any re-branding or re-blending of the certified lubricant will require a separate trademark license agreement for the use of NMMA's certification marks on or in connection with such lubricant.

If you have any questions, please feel free to contact me.

Very truly yours,

Thomas J. Marhevko
